

BETTER ALTERNATIVES

Recommendations from the CEZW Task Force on Mason's EO77 Pivot Away from Single-Use Plastics

The BEST Alternatives?

1. **Buy less:** reduce harm from overconsumption and reduce waste
2. **Buy better:** pivot to durable, sustainably-sourced reusables.

The CEZW Task Force is exploring best practices and pilot options. Visit their [web page](#) for more information.

Better Single-Use Alternatives?

3. **Pivot** to aluminum, compostables, and recycled and recyclable paper and cardboard with the goal to reduce *all* single-use consumption while procuring items from sustainable sources.
